Press Release

Promoters Infuse Additional Funds into Standard Capital Markets Limited

New Delhi, October 30, 2025:

Standard Capital Markets Limited is pleased to announce that the Promoters of the Company have infused additional funds into the Company by way of an unsecured loan.

This infusion reaffirms the strong confidence and commitment of the Promoters towards the long-term growth and stability of the Company. The additional funds will further strengthen the Company's balance sheet, enhance liquidity, and provide additional financial flexibility to pursue strategic business opportunities.

The infusion of funds through this loan reflects the promoters' proactive approach and their belief in the long-term potential of Standard Capital Markets Limited. It also signifies their strong alignment with the Company's vision of building a robust and diversified financial services platform. The funds will be utilized to strengthen working capital, support ongoing operations, and explore new business opportunities that align with the Company's strategic growth objectives.

Commenting on this development, a Company Management said, *"The promoters' decision to infuse additional funds highlights their unwavering faith in the fundamentals and future growth prospects of Standard Capital Markets Limited. This support will enable the Company to reinforce its financial position, enhance operational capabilities, and capitalize on emerging opportunities in the financial markets."*

Over the years, Standard Capital Markets Limited has maintained its reputation as a trusted and prudent player in the financial services sector. The Company continues to focus on strengthening its business model, expanding its presence across key segments, and delivering sustainable value to shareholders and stakeholders alike.

The Management reiterated its commitment to maintain transparency, sound governance practices, and a disciplined approach towards capital allocation — key pillars that have driven the Company's consistent performance and growth momentum.
